

# Know What is True and False About the COVID-19 Vaccines

#ThisIsMyWhy

| FALSE  | TRUE  |
|--|---|
|  <p>The vaccine was rushed and is not safe.</p>       |  <p>Researchers took no safety shortcuts with the vaccine. Large studies show the vaccine is safe.</p> |
|  <p>It changes your DNA.</p>                          |  <p>It is impossible for the vaccine to change your DNA.</p>   |
|  <p>It can give you COVID-19.</p>                    |  <p>The vaccine does not contain a live virus strain. It cannot give you COVID-19.</p>                |
|  <p>It contains egg protein.</p>                    |  <p>The vaccine does not contain egg protein and can be given to people with egg allergies.</p>      |
|  <p>It causes severe side effects.</p>              |  <p>For most, the vaccine causes mild side effects that last a few days.</p>                         |
|  <p>It makes women infertile.</p>                   |  <p>There is no evidence that the vaccine causes infertility.</p>                                    |
|  <p>It contains a microchip or tracking device.</p> |  <p>There is no microchip or tracking device in the vaccine.</p>                                     |
